STATE OF NEW YORK
DEPARTMENT OF TAXATION AND FINANCE

Albany, N. Y., October 15, 1940

Mr. James A. Simpson,
Clerk, Board of Supervisors,
Kingston, N. Y.

Dear Sir:

While many other matters are of extreme importance in relation to taxation, none is of more importance than the proper equalization of assessed valuations.

The State Tax Commission is required by law to make investigations and to establish rates of assessment for equalization purposes for each tax district of the state. In counties, boards of supervisors or equalization commissions are also required to establish such rates. For years it has been the policy of the Commission to furnish to boards of supervisors, to county equalization commissions in those counties having such commissions, the rates established by this Commission for the tax districts in each particular county.

For this year, the Commission has fixed for the tax districts in your county the following rates:

City of Kingston......70%

Town of Denning	40%	Town of Olive	50%
Town of Esopus	30%	Town of Plattekill	20%
Town of Gardiner	40%	Town of Rochester	25%
Town of Hardenbergh	40%	Town of Rosendale	25%
Town of Hurley	45%	Town of Saugerties	50%
Town of Kingston	50%	Town of Shandaken	45%
Town of Lloyd	54%	Town of Shawangunk	68%
Town of Marbletown	50%	Town of Ulster	32%
Town of Marlborough	30%	Town of Wawarsing	45%
Town of New Paltz	40%	Town of Woodstock	52%

Necessarily, these rates were established before the 1940 assessment rolls were compiled—at least, this is true of all towns and most cities and villages. If in 1940, material changes have been made in the basis of assessment in any town, village or city, knowledge of which was not brought to the attention of this Commission before these rates were fixed, such changes should be considered by your board of supervisors, or by the equalization commission of your county, before your county equalization table is compiled for this year.

For several years past this Commission has endeavored to cooperate with boards of supervisors and equalization commissions in establishing rates for equalization purposes which this Commission may use and which localities may employ. The Commission believes that inasmuch as state and local authorities are undertaking to ascertain the same set of facts, better results will be obtained if we work together, combining data and information, as it were. The cooperation of the Board of Supervisors is respectfully invited.

Very truly yours,

STATE TAX COMMISSION,
By DANIEL R. SPRATT,
Deputy Tax Commissioner.

Of course you have expected this for some time and I have known the time would come when I would have to leave my many pleasant associates upon the Board and take up my new work as member of the Assembly from Ulster County.

I wish to take this opportunity of expresing to each member of the Board my appreciation of their confidence in me in having made me their Chairman.

Mr. Cashdollar made a short address of thanks.

To the Board of Supervisors of the County of Ulster:

Your committee, duly appointed by resolution of the Board of Supervisors, and known as the "Committee on Renovation of Main Street Property," makes the following report:

That they had specifications prepared and advertised and recieved bids for the razing of the building known as the Eagle Hotel, and awarded the contract in the amount of $1,771.00 to Amell Brothers, they being the lowest responsible bidders.

They also renovated the building next to the County Clerk's Office, by repairing the roof, rearranging the rest rooms, cutting in new doorways, painting and decorating the two upper floors, in which are now conveniently housed the entire County Welfare Department. The ground floor is occupied in the front by the Motor Vehicle Bureau, and the rear rooms by the County Clerk, as officers for the checking and comparing of records, etc., thereby alleviating the crowded condition in the Clerks' building next door. The large cellar is also occupied by the Motor Vehicle for the storage of license plates. We also found it necesary to partially rebuild the brick wall between the hotel property and Abernethy on the east. The entire ground has been leveled off and graded and makes a very desirable parking place for cars of county employees as well as the general public. There was appropriated the sum of $3,500.00 to carry out the above mentioned improvements, of which your committee has expended the sum of $3,355.60, leaving a balance on hand of $144.40.

Annexed hereto and made a part of this report is a detailed statement of the expenditures made by this committee, and it is recommended that the said balance of $144.40, standing to the credit of the committee, be transferred by the County Treasurer and credited to the General Fund.

The primary purpose of the acquisition of this property having been to put the County in a position to relieve the crowded and outmoded accommodations existing in the County Clerk's and Surrogate's office as well as in some of the other County offices, it is the belief of this committee that the County will very shortly be faced with the question of the erection of a new building for such purposes, and it is the recommendation of your committee that the question of the erection of such building be given the thought and study of the members of this Board.

Dated, December 30, 1940.

Respectfully submitted,

JAY W. RIFENBARY,
ROBERT F. PHINNEY,
HARRY SNYDER,
Committee.

Supervisor Snyder offered the following:

Whereas, there is now pending, and if not modified, will soon be adopted, Order in Ex Parte M. C. 20, which changes trucking rates on commodities from Ulster County to the New York metropolis area;

And Whereas, this order exempts almost all agricultural commodities from new minimum rates except eggs in crates; and by not exempting eggs, it will increase the trucking charge on one (1) case from 25 cents to 75 cents and on two (2) cases from 50 cents to 75 cents;

And Whereas, this increase will further deplete the income of the poultry farmer, who is already suffering from extremely low prices for his products;

And Whereas, there are in Ulster County from the last available figures 2751 farmers that keep poultry, the income from which is over Two Million Dollars yearly, Ulster County ranking third in New York State as an egg producer;

And Whereas, the present rate of 25 cents per case would seem to be reasonably compensatory inasmuch as the rate has been in effect for a number of years, and trucks have been operating apparently successfully for over twelve years;

Now Therefore Be It Resolved, that the Ulster County Board of Supervisors go on record as requesting, without formal oral hearing, the Order in Ex Parte M. C. 20 be modified to include eggs as a commodity exempt from minimum rates, and that a copy of this resolution be forwarded to Mr. W. Y. My Dear Judge:

I am sending you by express a copy of the "Laws of the State of New York, comprising the Constitution and Acts of Legislature since the Revolution from the First to the Twelfth Session, inclusive," published in 1789.

This book was evidently in the possession of my uncle, James L. Hasbrouck. You will see that is is marked on the cover, "SUPERVISOR'S CLERK, ULSTER and it seemed to me that, in case there is a library in the Supervisor's Clerk's office or in the Senate House, it should be either there or in some place where it will be available consultation for anyone desiring to make a study of that period.

I ask you to kindly make such disposition of the book as you deem advisable. From a cursory examination, the two volumes appear to be embraced in this one book and they seem most interesting.

Yours sincerely,

Mr. James A. Simpson, Clerk,
Board of Supervisors,
Court House, Kingston, N. Y.

Dear Sir:

Section 55 of the Highway Law provides for State Aid for Snow Removal on State and County Highways and in order that we might receive the benefit, it will be necessary for the Board of Supervisors to pass a resolution stating that public interest demands the snow removal from the State and County Highways of the County and requesting that such snow removal be accomplished at the joint expense of the State and County, and it is necessary that the resolution shall specifically designate the State and County Highways from which snow is sought to be removed and the number of miles of each highway. It also provides that in no case shall the amount to be paid by the State exceed $50.00 per mile for such purpose.

It is requested that the matter be presented to the Board of Supervisors at its first meeting.

WOODSTOCK GARAGE
WILSON BROS., Props.

Woodstock, N. Y., December 2, 1940

To the Honorable Board of Supervisors,
County of Ulster,
Kingston, N. Y.

Gentlemen:

We read in two of the leading newspapers of this County that at a meeting of your Honorable Board held at the Court House, Kingston, N. Y., on Friday evening, November 29, 1940, that Supervisor Raymond Schuler of the 4th Ward of the City of Kingston, charged that on November 27th between the hours of 9 and 10 o'clock in the morning, County snow removal equipment plowed out a driveway at the Woodstock Garage.

As owners of this garage we wish to deny this charge and we can show that said statement is false. Furthermore, at no time has either the snow removal equipment of the County of Ulster nor the Town of Woodstock been used on our premises to remove snow.

As a matter of fact, each time and for many years when the County plow comes through it takes snow from the State Highway and pushes it in such a position that it is impossible for our customers to reach our gasoline pumps. For this reason for several years we have been using a privately owned snow plow to remove the snow which the County plows have placed to our disadvantage.

As to what took place on November 27th, we can truthfully say that we were at the garage from 8 o'clock in the morning until noon, and from 1 P. M. until 6 P. M. and no County snow removal equipment was used to remove snow from our premises.

Yours very truly,

CITY OF KINGSTON LABORATORY
Kingston, New York

December 3, 1940

Honorable Board of Supervisors of Ulster County,
Ulster County Court House,
Kingston, New York.

Gentlemen:

At a meeting of the Board of Managers of the City of Kingston Laboratory held November 30, 1940, for the purpose of preparing the Laboratory budget for the coming year, it was decided, by the Board, that a request should be made to your Honorable Body for an appropriation for laboratory purposes of a sum covering the work for 1941 equal in amount to that appropriated for the current year.

It is unnecessary to remind you that for 1940 the appropriation was $12,000.00, one-half of which was reimbursed in the form of state aid, leaving a total of $6,000.00 to be raised by a tax levy upon the County.

You will be interested to know that the work of the Laboratory has continued to increase both for the County and the City and it is fairly accurately estimated that the value of the work done for the County of Ulster in 1940 will be well over $20,000.00 when the estimates are made as in previous years. The percentage of laboratory work done for the County is 48% of the whole while that for Kingston is 52%. Furthermore, there hase been a total increase in the number of examinations made of 11,000 over 1939. Much of this increase in the work for the County has resulted from coroners' autopsies, toxicological examinations for coroners and the Law Enforcement Officials, medical diagnostic studies upon indigent patients throughout the County as well as an increase in the examinations for strictly public health purposes.

Although the scope of the laboratory's work has considerably increased, we are happy to inform you that this has been possible without making it necessary to request increased appropriations from the County.

The budget approved by the Laboratory Board for 1941 has anticipated the sum of $12,000.00 from the County which, we trust, you will find a reasonable request.

Very truly yours,

BOARD OF MANAGERS, CITY OF
KINGSTON LABORATORY,
By J. S. TAYLOR, M. D., Director.

APPLICATION OF VETERANS' MEMORIAL HOSPITAL ELLENVILLE, NEW YORK

To the Board of Supervisors of the County of Ulster for an appropriation in the amount of Two Thousand Five Hundred Dollars ($2,500.00) under Section 12, Subdivision 44 of the County Law of the State of New York.

Veteran's Memorial Hospital of the Village of Ellenville hereby makes application to the Board of Supervisors of the County of Ulster for an appropriation in the amount of Two Thousand Five Hundred Dollars ($2,500.00) for the aid and relief of poor persons permanently or temporarily within the County of Ulster, and alleges:

That your petitioner is a membership organization, duly organized and existing under and by virtue of the laws of the State of New York. That its certificate of incorporation was duly filed in the office of the Clerk of the County of Ulster on the 18th day of September, 1923.

That the corporate purpose of Veterans' Memorial Hospital as expressed in its certificate of incorporation are as follows: "The objects for which the corporation is to be formed are to purchase, erect, establish and maintain a hospital and dispensary."

Veterans' Memorial Hospital is a rural hospital serving a territory about fifteen miles square, in the Southern part of Ulster County. This territory is very thinly settled with normal population of about six or seven thousand inhabitants in the winter season and a much greater population in the summer season, due to the fact that there is a great influx of summer boarders from New York City in this territory during the summer months.

There are many poor people within this territory who, from time to time require the service of the hospital, but cannot in a great many instances, pay anything for the accommodations and care and treatment which they receive, and there are others who require the service of the institution and can only pay a small portion of the costs of their care treatment in such an institution. In addition to this, there are many summer boarders who, during their vacation in the summer become sick and disabled and are brought to the institution for care and treatment, and are unable to pay either in full or in part for the services which are rendered to them, and in as much at the Veterans' Hospital is a charitable institution, it has never turned away anyone who was in need of its service, regardless of whether or not such an individual could make payment of all or any part of the costs of care and treatment rendered. For this reason the institution hereby requests that the Board of Supervisors of the County of Ulster appropriate the sum of Two Thousand Five Hundred Dollars ($2,500.00) for the purpose of said hospital in caring for such poor and indigent patients.

Your petitioner further states that Veterans' Memorial Hospital was established and erected and maintained as a monument and memorial to the ex-service men of the World War, and that its name clearly identifies it as such.

Dated, December 4th, 1940.

VETERANS' MEMORIAL HOSPITAL,

President.

COUNTY OF ULSTER
OFFICE OF
COUNTY SUPERINTENDENT OF HIGHWAYS
74 JOHN STREET, KINGSTON, N. Y.

December 27, 1940

To The Honorable,
The Board of Supervisors,
Court House, Kingston, N. Y.

Gentlemen:

Agreeable to the request made by Supervisor Harry Sutton of the Town of Plattekill, I respectfully recommend that there be added to the County Road System of this County the following described road to-wit:

> Beginning at a point on County Road No. 68 known as the Milton Turnpike at Tucker's Corners and runs thence southeasterly to Merte's Corners thence westerly along what is known as South Street to County Road No. 25 running between Plattekill and Ardonia, a distance of 2.9 miles all in the Town of Plattekill."

Very truly yours,

J. F. LOUGHRAN,
County Superintendent.

OFFICE OF
THE COUNTY ATTORNEY
COUNTY OF ULSTER

December 30, 1940

To the Board of Supervisors
of the County of Ulster:

Gentlemen:

On or about the 6th day of December, 1939, County Bridge No. 58, known as the Windsor Lake Bridge, situated at Greenfield in the Town of Wawarsing, was damaged by the Kingston Scrap Iron & Metal Co. Inc., of Kingston, New York, in transporting a power shovel over the said bridge.

At the direction of the County Superintendent of Highways, a claim was made by me for such damage, and considerable negotiations have been had by me with the insurance carrier for the Kingston Scrap Iron & Metal Co. Inc., relative to an adjustment of the matter.

An offer of $175.00 has now been made to close the said matter, and it is my opinion that it is to the best interests of the County to accept this sum in settlement, rather than to resort to litigation, and I therefore recommend a settlement for said amount. The County Superintendent of Highways concurs in my recommendation for a settlement as herein made.

Yours very truly,

ROSCOE V. ELSWORTH,
County Attorney.

ULSTER COUNTY BOARD OF SUPERVISORS
COURT HOUSE
KINGSTON, NEW YORK

December 30, 1940

Mr. James A. Simpson
Clerk of the Board of Supervisors
Kingston, New York

Dear Jim:

It is with a feeling of regret that I must tender my resignation as Chairman of the Ulster County Board of Supervisors.

Of course you have expected this for some time and I have known the time would come when I would have to leave my many pleasant associates upon the Board and take up my new work as member of the Assembly from Ulster County.

I wish to take this opportunity of expressing to each member of the Board my appreciation of their confidence in me in having made me their Chairman.

The years as member of the Board of Supervisors have been pleasant and I trust that there will always be a strong link of friendship between myself and each of the men whom I have been associated with upon the Board.

Sincerely yours,

JOHN.

Since I have been the incumbent of the office of County Judge and Judge of the Children's Court from the 1st day of June of this year only, so much of the report as covers the period from January 1, 1940 to June 1, 1940, represents proceedings conducted by visiting Judges obtainable from the records on file with the Clerk of the Children's Court.

During my brief tenure of office, it has been my endeavor to promote the welfare of the children brought before me. The purpose of the Children's Court is to afford those under the age of sixteen, who are brought before the Court for the commission of some more or less serious offense, an opportunity to change their course of conduct before it is too late. I have given most careful consideration to the past history, home surroundings, school records, reports of the County Agent and of other officials having any knowledge of the case under consideration. In determining these cases I have exercised my best judgment and hope the disposition made will make better men and women of the children whose cases came before me.

I wish to express my gratitude to Mrs. Doremus and all the other Welfare workers of the City and County who have done so much to assist the Court in the disposition of the cases coming before it for consideration.

I believe this County fortunate in having the services of one so expert, efficient and of the exceptional good judgment of Mr. Robert J. Service, as Chief Probation Officer. He has rendered invaluable service to the Court when ever called upon.

I desire, also, to express my gratitude to the District Attorney and his assistants, the Chief of Police, Lieutenants, Sergeants and Officers of the Kingston City Police Force, the Sheriff and his Deputy and Assistants, the State Police in all its branches, Mr. Robert Park, Welfare Commissioner, and the various officials of the City and County for the ever ready assistance they have rendered the Court whenever called upon in connection with the work of the Children's Court.

Dated, December 2nd, 1940.

ANDREW J. COOK,
County Judge of Ulster County and
Judge of the Children's Court.

REPORT OF THE WORK DONE IN PROBATION IN THE COUNTY AND CHILDREN'S COURTS OF ULSTER COUNTY, NEW YORK FROM DECEMBER 1, 1939 TO DECEMBER 1, 1940

To the Honorable Andrew J. Cook, Judge, County and Children's Courts,
Ulster County, New York:

Your Honor:

You will find appended a brief statistical report of the official cases which have been on probation from the County and Children's Courts of this County for the past year. In addition to these cases a number of investigations were made for the probation departments of other courts concerning cases of persons who were under investigation by their departments and who had at some time had contacts in this county. Our cases from other counties are likewise investigated for us by probation officers in other jurisdictions.

I want first to pay my humble tribute to the memory of Judge Frederick G. Traver with whom I have had the good fortune to work since April, 1922 when he was District Attorney and later when he served so conscientiously as Judge of the County and Children's Courts of this County until his last illness and death. He was wise indeed but Rousseau in his "Emile" said, "What wisdom can you find that is greater than kindness." His kindness was practical and seldom misplaced. If he erred, it was on the side of charity toward others. He could have saved his energy but he felt the importance of his position in terms of the welfare of humanity and no man ever spent himself more freely in seeking justice and especially when the welfare of children was concerned. When stiff words and discipline were needed, however, he knew how and when to apply them most effectively. To Judge Traver the force of the law was not an instrument of revenge but rather a factor to be used for the betterment of the individual concerned. His loss is keenly felt.

In the resignation of Miss Mildred Townsley we lost a most courteous and efficient co-worker in the office. The importance of her position in the smooth and efficient operation of the details of the courts work are not fully realized until one of Miss Townsley's personality and capabilities leaves the work.

Judges from neighboring counties sat in Judge Traver's place and there was little time for adjustment between their several practices and the work of this department. Under the circumstances, however, things seem to have worked out quite well in spite of the unavoidable handicaps and necessary delays.

When this probation department was set up about eighteen years ago, we had a representative of the Division of Probation of the Department of Correction of the State spend a day with your probation officer to see that the work was running smoothly and according to law. We have just had our second inspection followed by the guidance of a personal representative of the State Department. She has had and will have still further recommendations on which, from my experience, I would urge attentive consideration on the part of the Judge of the Court and the Board of Supervisors of this county. This has been a most difficult year because of the losses and changes that have just been mentioned, so the inspection has come at a most opportune time. The suggestions given will be helpful in revising the probation work and records making for a better blending with the changing legal requirements. It is obvious that the full requirements of the law in relation to probation cannot be met without a full-time probation officer and a clerk or stenographer.

Economically speaking, probation is the best way to treat many offenders of the law both from the standpoint of salvaging of human values but also in the saving of the taxpayer's dollar. It costs a great deal of money to incarcerate an individual for a year and in many cases the social values potential in that individual are a total loss to the community for a long period thereafter. We had one case discharged this year illustrative of this fact of the value of probation. A man misappropriated considerably over Two Thousand Dollars of public funds from a certain district in the southern part of this county eleven years ago. He was given a sentence to Clinton Prison but this was suspended and he was placed on probation. Through this probation period, which ended a few months ago, he has maintained his job and self-respect and has also settled in full the question of restitution by installments taken from his wages. If he had been sent to prison, the money would have been lost; the taxpayer would have been compelled to support him and both he and his family would have lost much of social value to the community. We have on our books many other cases of similar character over which we throw the cloak of privacy between the individual and the Court for very obvious reasons. In cases where neither restitution nor reparation is involved, in cases only of anti-social behavior, probation has like economic and human values. Probation puts human values into the administration of Justice in criminal and children's courts.

As usual the Sheriff and his staff, the city, village and State Police as organizations and as individuals have been most cooperative with your probation department. A number of private citizens have given freely of their time and effort in individual cases in supervising and aiding probationers. I want to thank them all.

Probation has never been used in Ulster County as an easy means to the solution of a difficult anti-social problem. Your Honor and District Attorney Haver have seen to it that the same high standards have been kept. It is in the proper selection of cases for probation that the success or failure of the probationary work largely rests. I want to thank you for your support and encouragement.

Respectfully submitted,

ROBERT J. SERVICE,
Chief Probation Officer,
County and Children's Courts,
Ulster County, New York.

ANNUAL REPORT OF THE STATE CHARITIES AID ASSOCIATION

November 28, 1940

Board of Supervisors of Ulster County,
Kingston, New York.

Gentlemen:

For the twenty-ninth time the Ulster County Branch of the State Charities Aid Association reports to the annual meeting of the Honorable Board of Supervisors of Ulster County and accounts for funds appropriated to carry on the work delegated to us during the current year, namely from October 1, 1939 to September 30, 1940. Supplemental to this report is the report of Mrs. Mary C. Doremus, the Committee's "Children's Agent," as to the care and disposition of children committed to her care.

The county program for care of dependent children and delinquent minors in Ulster County is administered under the provisions of the Public

Welfare Law which charges the County Commissioner of Public Welfare with certain duties and responsibility as to these children. For 29 years the Ulster County Committee of the State Charities Aid Association has worked through a formal contract with your Honorable Body, to assist the Welfare Commissioner in carrying out certain of his duties and responsibilities in relation to needy children. For that same period of time this Committee, aided by funds appropriated by your Board, has assisted public authorities in caring for needy children.

Back in 1911, when the Ulster County Committee of the State Charities Aid Association was organized, town welfare officers and justices' of the peace were empowered by law to place children in foster care. The employment of a children's agent and the supervision of her work by a lay committee was believed to be sound and practical in that it constituted a safeguard for the interests of the children and promoted the wise and economical expenditure of public funds. The children's agents have always worked in close co-operation with the local officials throughout the County and frequently met with Town Boards to discuss cases which came to their attention within the towns.

The historical background of the State Charities Aid Association Children's Committees is of importance. When they were first organized, their purpose was to promote the development of effective means of carrying out a public responsibility already clearly defined by law for the care of dependent children in need of foster home service. This was a legal and financial responsibility of county welfare authorities at that time and it has always remained such. Actually, however, the local authorities in most communities then had no adequate facilities for carrying out this duty in a constructive and effective way. Also the New York State Department lacked staff and financial facilities for assisting the local public agencies to build up these important services.

Regardless of the fact that the social condition of today is "streamlined" as compared to thirty years ago due to changing conditions and to the establishment of Welfare Departments in a permanent and professional way, and with the enactment of new Public Welfare Laws and the reorganization of the State Department of Public Welfare and other new factors, it was the unanimous opinion and firm belief of those present at the annual meeting of the Ulster County Committee of the State Charities Aid Association held on October 18th, 1940 that the Board of Supervisors be requested to appropriate the amount of $3,300.00 to carry on our work for another year in the same manner as heretofor, under the same formal contract entered into in 1911 between the Board of Supervisors and the Ulster County Committee. It was the belief of the Committee that the needy dependent children and delinquent minors could best be cared for under the motherly care and able guidance of our Children's Agent, Mrs. Mary C. Doremus, who has faithfully served you and the children, committed to her care, for seventeen years, than by abrogating your contract at this time and professionalizing the work she has so ably done.

The treasurer's report will show that, as usual, the committee lived within its budget. Because the appropriation was reduced last year we had to use part of accumulated surplus to pay expenses. Nevertheless, the committee ends the year with a surplus of $562.83. A detailed statement of the finances is made by the Honorable Joseph M. Fowler, Treasurer, and copy is attached hereto.

We acknowledge with grateful appreciation in behalf of the Children benefited the moral and financial support the Board of Supervisors has given to our work and the sincere hope of the Committee is that you will continue to support the work and carry on with us.

Respectfully submitted,

ULSTER COUNTY COMMITTEE OF THE
STATE CHARITIES AID ASSOCIATION.

REPORT OF THE ULSTER COUNTY TUBERCULOSIS HOSPITAL FOR THE FISCAL YEAR ENDING OCTOBER 31, 1940

To: Dr. Frank B. Seeley, President, and to the Board of Managers of the
Ulster County Tuberculosis Hospital:

In presenting my annual report to the Board of Managers of the Ulster County Tuberculosis Hospital, and to the Board of Supervisors, I can bring to light many aspects in the problems of the treatment and control of tuberculosis in the county, many of which are encouraging and some which emphasize the fact that this disease has to be fought with unrelenting vigor during the future years. The State Department of Health feels that tuberculosis should be practically eradicated by 1960. This is a worthy goal, but I can foresee many difficulties in attaining this long sought for objective. We must realize that a large percentage of the cases discovered in the homes of our county are in the far advanced stages when they first consult a physician or are referred to our clinics. During this delay many of their families and friends have been exposed to tuberculosis, and many of these contacts may later develop the disease. In spite of all our hard work, there has been a slight rise in our death rate in Ulster County during the past year. As I review these cases, I find that a great majority of them were not diagnosed until they were so-called far advanced cases. Many of the patients who have died in the past year are those who were well advanced in years and who had had tuberculosis for a long time. We cannot hope to discover these cases until the people of the community report earlier to their physicians and are referred to us for diagnosis and treatment. The medical profession of Ulster County has co-operated to the fullest extent in endeavoring to discover these cases early, and I feel that this fact should be fully appreciated by the people of the county. We should impress it on the minds of the people that if cases are diagnosed in the earlier stages, over 70% of these patients can be returned to their work and will become arrested cases. We must remember too that tuberculosis is about the only chronic disease which has been greatly reduced in the number of cases and in the number of deaths during the past twenty-five years. The annual death rate is less than 25% of what it was twenty-five years ago.

During the past nine years we have treated between 500 and 600 cases of tuberculosis in our county hospital, and in each community of our county you will find many patients who have been restored to health and are economically self-sufficient at this time. Another encouraging fact is discovered when we review the very large number of minimal and moderately advanced cases that can be placed in this classification. Let us bear in mind that with all our advances in the control of this disease, it still accounts for the largest number of deaths between the ages of 15 and 40. I do not present this picture to discourage anyone, but to point out the necessity of even greater efforts in an endeavor to eradicate the tremendous loss from both an economic and public health standpoint. Let us continue to work toward that objective in at least practically eradicating this disease in another two decades.

When we consider that there are over 500 cases of tuberculosis in a small county the size of our own, and that it must be remembered each one of these cases has had at least four contacts, it will give you an idea of the immensity of the problem that confronts us. In other words, we have a group of about 2500 individuals who should be examined and X-rayed at regular intervals. When the hospital was first opened in 1931, practically every case admitted was in the far advanced stages. This condition has changed in the past three or four years, and at present we have discovered a much larger number of minimal and moderately advanced cases. Last year in our diagnostic clinics we discovered 64 new cases of pulmonary tuberculosis. Thirteen of these were in the far advanced stages, and fifty-one were in the minimal or moderately advanced group. These figures are very encouraging, for it means that a large number of the more favorable patients will eventually become cured or arrested. The total clinic attendance during the past year for the diagnostic and pneumothorax clinics, including the fluoroscopic examinations of groups of children or adults, reached a total of 3,190. I believe this is an encouraging figure, as it proves that the facilities of the hospital are being utilized to a great extent. We hope that this will be further extended during the coming years. Our county is still faced with the problem of having a large influx of patients with tuberculosis taking up their residence here, particularly from the metropolitan area. These patients, however, are not entitled to hospitalization until they have resided in the county for a period of five years, but in our own interest, and in the interest of our county residents, we find it necessary to extend clinic facilities to them.

The following table will summarize the medical work which has been done during the past year as compared to the work of the first year.

	1931-32	**1940**
Hospital days service rendered to patients.............	12,215	18,892
Net cost per day per patient..........................	$4.37	$3.15
Total check-ups on discharged patients................	173	1446
Pneumothorax treatments on hospital and clinic patients	484	2149
Total clinic cases examined and treated...............	604	3190

The actual cost of operating the hospital and carrying on the work in the county, such as examining and X-raying clinic patients, the tuberculin testing of school children, the follow-up treatment of discharged patients, and the care given to hospital patients for 18,892 days is included in the following items:

Salaries and wages	$ 34,518.71
Food, ice, water	12,259.65
Fuel, light, power	6,640.39
Repairs, maintenance, new equipment, replacements	5,740.38
Medical and surgical supplies	2,225.16
Cleaning supplies	668.36
X-Ray and Clinic supplies	1,448.82
Household supplies	1,245.20
Laundry supplies	480.42
Telephone	508.24
Car expense	201.95
Insurance	60.76
Sundry expenses	718.47
Office supplies	159.85
	$ 66,876.36
Less amount received from patients	7,290.78
Net amount of operation	$ 59,585.60

The cost of operating the hospital is approximately the same as it was during the previous year. There was a slight decrease in the amount of income received, but the total cost to the county is only about $300 more than last year. The expense of installing a new 2,000 gallon hot water boiler amounted to about $1,700, and this item alone will account for the difference. Last year we reduced our appropriation $1,000, and this year we will be able to again reduce it by another $1,000, making a reduction of $2,000 over our annual appropriation of two years ago.

At this point I wish to acknowledge the valuable assistance which has been extended to the hospital by Mr. R. H. Park, our public welfare commissioner. Through his efforts we have been able to collect $1,700 during the past year, and this has enabled us to reduce our appropriation.

We are again indebted to many members of the Ulster County Medical Society for their generous help in caring for our patients. Among those who have contributed time to our institution without remuneration have been Doctors Jacobson, who acts as thoracic surgeon to the hospital; Dr. Ritchie, who has aided us in caring for patients who have bone tuberculosis; Dr. Voss, who assists us in the Gastro-Enterology work of the patients, and Dr Fassett, who has cared for our paients in his particular speciality. Doctors LeFever, Gannon, Rakov and Larkin have extended their services to our patients whenever we have called upon them. Dr. Hill continues to act as house dentist, and Dr. Sam Stern has again contributed glasses for some of our needy patients.

The Ladies' Auxiliary has continued to carry on their work during the past year. The money which they have obtained through their memberships and by the sale of articles has been used to purchase materials for the Occupational Therapy Department, under the wonderful direction of Miss Margaret O'Sullivan. During the past few years many hundreds of dollars have been expended in this work, which has saved the county and the hospital considerable money Moving pictures and plays which have been given by various organizations, as well as Christmas music by the church choirs of Kingston, and the annual concert of the Mendellsohn Club, have done much to afford entertainment and diversion for our patients. These activities are very necessary in keeping up the morale of our paients, and we sincerely wish that more of the public minded citizens in Ulster County would become more interested in the work of the hospital.

Our Laboratory work has been efficiently carried on in the Kingston Laboratory under the direction of Dr. J. S. Taylor, and the laboratory facilities have been extended to us for necessary research.

The Ulster County Highway Department has, as in the past, extended a great deal of help in caring for the roads and grounds of the hospital. We are indebted to this department and to Mr. James Loughran for his co-operation.

In our annual survey by the New York State Department of Health we again received a commendatory report on the medical care of the patients and on the excellent condition of the hospital property. I feel that this will be gratifying to the Board of Supervisors.

Miss Katherine M. Murphy, who is employed by the Ulster County Committee on Tuberculosis and Public Health, has assisted in all of our diagnostic clinics during the past year. She has been invaluable in the work of tuberculosis control in our county. The nurses from the local State Department of Health office have also done a great deal of field work during the past year in caring for and assisting in the work of reported contacts.

It must be remembered that a hospital, unlike many governmental agencies, must continue to function for twenty-four hours a day, and in carrying on this work we are indebted to our administrative and nursing staffs, who have done excellent work during the year. I ask for their continued loyalty and interest in the hospital during the coming year.

The Board of Managers meets regularly and discusses thoroughly all matters having to do with the medical reports of the hospital, as well as the many problems that arise in the operation of an institution of this character. The county owes each of them a debt of gratitude for their efforts in our behalf.

The Board of Supervisors has always evidenced a non-partisan interest in the operation and maintenance of the Ulster County Tuberculosis Hospital. I believe that this reflects the sentiment of every thoughtful individual in our county. We should feel that in matters of public health and in the erection and continued support of any institution which is dedicated to the preservation of lives and the health of a community that this attitude is worthy of public spirited officials. We should continue to carry on this work which has cut the annual death rate from tuberculosis over 50% in the last ten years, and will direct our efforts toward further eradication of this disease.

Respectfully submitted,

FREDERIC W. HOLCOMB, M. D.,
Superintendent.

BOARD OF MANAGERS REPORT OF THE ULSTER COUNTY TUBERCULOSIS HOSPITAL

The Board of Managers of the Ulster County Tuberculosis Hospital submits its annual report of the work of the hospital during the fiscal year ending October 31, 1940.

It is with continued pride that I point out the work of the hospital during the year just closed. We believe the high standard of efficiency has characterized this work, both professionally and on the part of the personnel of the institution.

In the care of the physical property, we have been painstaking in keeping the buildings in the best of condition. A new hot water boiler has been installed recently.

The hospital suffered a real loss in the death of Edward Van Vliet, the assistant in the laundry department. While the work of this department has been carried on during his illness, it is my judgment that the hospital would be financially the gainer if the laundry were closed and the work done outside by a local laundryman.

The nursing care has been of the very highest character, with delightful harmony existing throughout the entire staff.

The Board would express again its pride in the skill and efficiency of the Superintendent, Dr. Holcomb, who has given to the hospital a high reputation of efficient service known throughout the state.

We report 18,892 hospitalization days at a gross per capita of $3.54, which is 55 cents more than for the year 1939, due largely to the increased cost of medical supplies, together with reduced income from patients—a loss of $700 from the preceding year. The net cost of maintaining the hospital for the year was $59,585.60. This net cost is reflected in the fact we had 865 less hospitalization days this year than last.

The Board would like to express its deep appreciation for the splendid service rendered the hospital by the Laboratory Board, which has been most co-operative and helpful in diagnosis. The Ulster County Dental Society has been most gracious in giving its services whenever called on, and we want to express our thanks for that service.

I desire also to express the sincere thanks of the Board to the Ladies' Auxiliary, under the leadership of Mrs. Holcomb, without whose services to the hospital and to the patients the hospital would suffer a great loss.

The keen interest of each member of the Board of Managers in the work of the hospital, and the hearty co-operation in all matters affecting its interests has made the work of the Board a real delight.

We all appreciate the confidence reposed in us by the Board of Supervisors, and are eager in our desire to make the Ulster County Tuberculosis Hospital a source of pride to all citizens of the county.

Respectfully submitted.

F. B. SEELEY,
President, Board of Managers,
Ulster County Tuberculosis Hospital.

ANNUAL REPORT OF THE BOARD OF ELECTIONS OF THE COUNTY OF ULSTER FOR THE YEAR 1940

To:
The Secretary of State,
The Board of Supervisors of Ulster County.

Gentlemen:

Pursuant to the provisions of Section 34 of the Election Law, the Board of Elections of Ulster County respectfully submits its annual report for the year 1940.

In its annual report for the year 1939 your Board compiled the list of the enrolled voters for the year 1938 and transmitted the results of the same together with the annual report to the Secretary of State and the Board of Supervisors of Ulster County. As required by the statute your Board transmitted certified transcripts of such enrollment to the Chairman of all necessary political parties immediately upon completion of the enrollment for said year. Said transcriptions of enrollment were submitted to the State Chairman as well as the County Chairman of the recognized political parties in the State of New York.

The enrollment for the year 1940 is now being done and a tabulation of the same having been completed, a copy thereof is hereby attached and made a part of this report.

The complete tabulation of the enrollment for the year 1940 shows a total of 33,668 being as follows:

Republican	23,008
Democratic	10,460
American Labor	200

The enrollment for the year 1940 shows a large increase over that of the year 1939, the total increase being 3,570.

The Republican enrollment increased 2,690, the Democratic enrollment increased 870 and the American Labor enrollment increased 10.

SPRING PRIMARY ELECTION

The quadrennial Spring Primary Election was held throughout the County of Ulster on April 2nd, 1940. In compliance with the statute petitions were duly filed and examined by your Board. The notice of Primary election and the list of polling places in the City of Kingston were duly published according to the provisions of the Election Law by your Board.

Official and sample ballots for all parties were duly prepared and sufficient numbers of each were procured and supplied to all election districts throughout the County of Ulster including the City of Kingston. Likewise, your Board furnished all necessary supplies for the proper conduct of said Primary election which were distributed to the various Town Clerks for the various Election Districts throughout the County of Ulster and to the City Clerk of the City of Kingston for Election Districts within the City of Kingston for the use of election officials and voters at said Primary election.

The result of said Primary election as canvassed by this Board were as follows:

Republican high vote	2,413
Democratic high vote	1,313
American Labor high vote	320

The total cost for the conduct of such Spring Primary Election was $2,663.34.

CENTRAL REGISTRATION

Pursuant to the requirements of the statute relative to Central Registration, your Board conducted Central Registration at its office during the month of August, 1940 from August 1st until August 31st inclusive. In the County of Ulster, the City of Kingston is the only locality whereby under the statute Central Registration is required.

The total number of persons registered by the Central Registration Board in 1940 was 82. This number was double that of the year 1939, when 41 was registered by the Central Registration Board. The increase at Central Registration for the year 1940 was do in part to the fact that it was a Presidential Election year and also that many members of the National Guard who were inducted into federal service registered before leaving for the army camps.

VOTING CERTIFICATES

This Board during the year 1940 was requested and did issue a large number of voting certificates. The number issued for the year 1940 being 290 an increase of 240 over that issued for the year 1939. The reason for the increase for the year 1940 was due to the fact that while not only persons who were seeking employment were required to show their voting residence but also many persons who were already employed were required to produce proof of citizenship of the Unitel States. In the County of Ulster, the City of New York is constructing a large Reservoir together with tunnels to convey an additional water supply to said City and thereby are employing many persons who were required by their employers to show that they were citizens of the United States. In the absence of other proof the voting certificate issued by this Board was sufficient for such purpose.

FALL PRIMARY ELECTION

The official fall Primary Election was held throughout the County of Ulster and the City of Kingston on September 17th, 1940. According to the provisions of the statute your Board duly prepared the notice of such Primary Election and published the same as required by statute together with a list of the polling places in the City of Kingston.

All designating petitions which were filed with your Board were duly examined and found to be in compliance with the requirements of the Election Law.

Notices were mailed to all persons designated for public office as appeared on the said designating petitions. Your Board in accordance with its duties prepared and furnished the necessary official and sample ballots for all parties in all election districts in the County and these together with the necessary stationery and other supplies were delivered to the Town Clerk of the various Towns of the County of Ulster outside of the City of Kingston and to the City Clerk of the City of Kingston for all election districts located within the said City of Kingston.

Your Board canvassed the vote cast at such Primary Election, the result of which is as follows:

Republican high vote	2,489
Democratic high vote	1,243
American Labor high vote	83

The total cost for the conduct of such Primary Election was $2,669.53.

REGISTRATION OF VOTERS

Personal registration for the year 1940 occurred on October 9th, 10th, 18th and 19th in the City of Kingston where registration is personal and non-personal registration occurred on October 10th and 19th in the districts outside of the City of Kingston where registration is non-personal.

The total registration in the County of Ulster for the year 1940 was 59,516 of which 43,390 was non-personal and 16,126 was personal. The figures for the total registration for the County of Ulster for the year 1940 shows a large increase over that of the year 1939, the amount of such increase being 2,807.

The expenses incurred by your Board in connection with the registration of voters was $201.55.

SELECTIVE SERVICE DRAFT REGISTRATION

Pursuant to a request by the Honorable Herbert H. Lehman, Governor of the State of New York your Board attended a meeting in the Executive Chambers at the State Capitol, Albany, New York, for the purpose of making arrangements for the coming registration of all male citizens and aliens between the ages of twenty-one and thirty-five years inclusive of both for Selective Service. The Selective Service registration occurred on October 16, 1940 between the hours of 7:00 A. M. and 9:00 P. M. Eastern Standard Time.

Your Board in order to properly facilitate matters for this registration summoned the Supervisors and the Town Clerks of the various towns outside the City of Kingston to a meeting in which your Board set forth the requirements for the procedure neecessary to the proper conduct of such Selective Service registration. Your Board also summoned all of the Election Inspectors of the City of Kingston to another meeting in order to properly acquaint them with their duties in respect to said Selective Service registration. Your Board spent considerable time in its sincere efforts to perfect all of the plans and regulations of such registration so that the same would be conducted in an orderly manner and in connection with the provisions of the Selective Service Act.

The total number of persons registered for such Selective Service in the County of Ulster was 10,075 of which 6,930 were registered outside of the City of Kingston and 3,145 were registered in the City of Kingston. This registration was conducted at all of the regular polling places used for General Election, throughout the County of Ulster including the City of Kingston.

Your Board desires at this time to express its sincere thanks for the services rendered free of charge by all of the Election inspectors in the various Election Districts and for the splendid co-operation which they displayed with your Board in connection with the registration of the men for Selective Service.

ABSENTEE VOTERS

Your Board for the year 1940 received 582 applications for absentee ballots of which 493 were accepted and 89 were rejected. The total number of applications for absentee ballots for the year 1940 showed an increase of 234 over that received for the year 1939.

GENERAL ELECTION

General election for the year 1940 was held throughout the County of Ulster including the City of Kingston on November 5, 1940 and your Board as required by the provisions of the election law duly prepared the notice of general election together with a list of nominations which was published according to the provisions of the Statute. Your Board also furnished the required number of lists of nominations to be posted throughout the County of Ulster and the City of Kingston.

Your Board is pleased to state that in compliance with the Statute, voting machines were in use throughout the entire County of Ulster for the year 1940 and that no difficulties in any election district arose in connection with the use of such machines.

Your Board also furnished the necessary supplies for the voting machines and all other supplies necessary for the proper conduct of such election.

The expenses in connection for such General Election incurred by your Board was $6,544.31.

Your Board as required by law appointed a bi-partisan committee for the purpose of making a recanvass of each voting machine used in the County of Ulster including the City of Kingston at the general election held on November 5, 1940. Your Board as required by Statute mailed notices in writing to all persons who were required to be given notice thereof. The reports of such recanvass were duly filed with your Board an dthe returns properly examined and upon examination of the same it was found that there were no discrepancies from the original canvass as made by the Board of Inspectors at the close of the polls on the day of general election.

The Board of County Canvassers convened on Thursday, November 7, 1940 at 12:00 o'clock noon at the Board of Supervisors rooms in the County Court House at Kingston, New York. Your Board attended the proceedings of the Board of County Canvassers and certified the result of said canvass and transmitted the same to the Secretary of State and the Attorney General of the State of New York. Certificates of Determination were also issued to the county officers determined by the canvass Board to have been elected to each county office.

Your Board in accordance with the provisions of Section 263-A of the Election Law checked the additional returns of canvass as filed by the Board of Inspectors of each Election District and forwarded to the Secretary of State at Albany, New York the total count for each candidate as prescribed by such Section as voted for within the County of Ulster.

The following summary is a list of the expenses incurred by your Board in connection with the conduct of its affairs for the year 1940.

Spring Primary Election	$ 2,663.34
Fall Primary Election	2,669.53
Registration of Voters	201.55
General Election	6,544.31
Extra Clerk hire	260.00
Total Cost	$ 12,338.73

Your Board is pleased to announce that notwithstanding the fact, the amount of work and duties was unusually large for the year 1940, the cost of the conduct of its affairs for the said year 1940 was considerably less than that for the comparable year of 1936, when we also had a Spring Primary Election. The cost in the conduct of the affairs of your Board for the year 1940 as compared for the year 1936 shows a saving to the tax payers of the County of Ulster of the sum of $2,646.62.

All of which is respectfully submitted.

TOWNSEND S. FITZGERALD,
Commissioner of Elections,
County of Ulster.

Report of Special Committee

REPORT OF SPECIAL COMMITTEE ON PURCHASE OF EAGLE HOTEL PROPERTY

To the Board of Supervisors of the County of Ulster:

Your Special Committee heretofore created and appointed relative to the purchase of the premises situate on the southerly side of Main Street in the City of Kingston, and subsequently named by resolution of this Board as a "Committee on Renovation of Main Street Property," hereby make the further following report:

In our original report in this matter, we stated as follows:

"The four story building adjacent to the Eagle Hotel Building proper may also be suitable and available for housing some of the County's business, or it may be in the County's interest to raze said building. This, the Committee thinks, should be left for future study and consideration."

Subsequent thereto, however, by resolution duly adopted on the 28th day of December, 1939, your Committee was directed to proceed with the razing of the Eagle Hotel Building proper and to renovate the four story building adjacent thereto.

Subsequent investigation of the matter has convinced your Committee that the four story building in question should be razed and demolished along with the Eagle Hotel Building proper, and your Committee's reasons for making that recommendation are as follows:

That in order to utilize the said four story building, it would be necessary to shor all the floors and roof thereof; to remove and rebuild the entire north wall of the building; to install stairways; to install heating system and toilet rooms and to redecorate the entire building, all at an approximate cost of between $12,000 and $15,000. Such an expenditure, your Committee feels would not be to the County's interest, and that the building should be razed and demolished along with the Eagle Hotel Building proper.

Your Committee further reports that in view of the amount of the bids which your Committee has advertised for and received for the demolition of the said two buildings, the original appropriation made herein in the amount of $3,500 will probably be sufficient to carry out all the work delegated to your Committee and that no additional appropriation is expected to be necessary.

Gentlemen: Your Committee on the Accounts of the County Commissioner of Public Welfare reports as follows:

We have examined the accounts and vouchers and the Annual reports of Robert H. Park, County Commissioner of Public Welfare, which were referred to us, for the current year, and have found them correct, and they are filed herewith and form a part of this report.

Your Committee further reports that they have visited the County Home at different times during the year, and have recommended repairs and improvements.

We find that the cost of maintenance to the several Towns of the County, and the County of Ulster, outside the City of Kingston, for the past year, as apportioned by the Commissioner of Public Welfare, was as follows:

Ulster	378.14
Wawarsing	814.00
Woodstock	248.27
County of Ulster	934.62
Total	$ 14,143.25

We, therefore recommend that said amounts be assessed and levied upon the taxable property of the said several Towns, and the County of Ulster, outside of the City of Kingston, as above set forth.

We find from the report of the County Commissioner of Public Welfare, that there has been expended during the past year for the care and maintenance of children in the Industrial Home of the City of Kingston, and in Boarding Homes on behalf of the several Towns, and the County of Ulster, outside of the City of Kingston, the following amounts, to-wit:

Town	Amount to Be Raised
Esopus	$ 2,836.35

Wawarsing	5,097.64
Woodstock	2,181.24
County of Ulster	2,585.68
Total	$ 34,137.48

We, therefore recommend that the several amounts above set forth be assessed and levied upon the taxable property of the said several Towns, and the County of Ulster, outside the City of Kingston, and paid to the County Treasurer of Ulster County, to be by him placed to the credit of the County Commissioner of Public Welfare to pay bills of the Industrial Home of the City of Kingston, and Boarding Homes during the coming year.

NEW PALTZ

Settled in the year 1677. Twelve persons purchased of the Esopus Indians a tract of land twelve miles square, for which they obtained a patent during the administration of Governor Andros. These persons were the Twelve Patentees, and they and their successors in office, duly elected by their descendants exercised the functions of officials in all public matters until about the year 1751. These officials were sometimes called "The Dazine," or "Twelve men," and were annually elected for a long period after the first regular election of town officers. The original patentees were Lewis DuBois, Christian Deyo, Abraham Hasbroucq, Andries Lefever, Jean Brocq, Pierie Deyo, Lawrence Beverie, Anthony Crespel, Abraham DuBois, Hugo Frere, Isaac DuBois and Simon Lefever. The first record of the election of town officers dates in the year 1751. A part of Hurley was annexed February 2, 1809.
